Principal's Message

Dear CIDER Community,

I hope this message finds you all in good health and high spirits. It is with immense pleasure that I extend my warmest congratulations to the National Curriculum Senior Section for their outstanding efforts in organizing a tremendously successful Inter School Futsal Football Tournament. The dedication and enthusiasm exhibited by both the organizing team and participating schools were truly commendable.

In this tournament, I am thrilled to announce that our Cambridge Senior Section exhibited exceptional sportsmanship and skill, emerging as the champions, while our National Curriculum Senior Section secured the runner-up position. This achievement reflects not only their athletic prowess but also their commitment to teamwork and fair play.

Moving on to our academic endeavors, I would like to express my heartfelt appreciation to the Cambridge Senior Section for hosting the "SCIENCE and IT FEST 2023 – 24." This event showcased the marvels of science and technology, fostering curiosity and innovation among our students. Equally deserving of recognition is our National Curriculum Senior Section, which hosted the "SCIENCE CARNIVAL – 2023" in a grand manner. These science-centric activities serve as platforms for our students to explore the wonders of the scientific world and develop essential problem-solving skills, which are crucial in today's ever-changing landscape.

Our school's commitment to holistic education extends beyond academics. I take pride in announcing that our Cambridge Senior Section has hosted and triumphed in the Inter School English Debate Competition – 2023 - 24. These achievements signify our students' ability to articulate their thoughts, engage in constructive discussions, and enhance their communication skills.

At our institution, we firmly believe in nurturing well-rounded individuals. Alongside rigorous academic pursuits, we offer a plethora of co-curricular activities such as the Intra School Bangla Debate Competition (NC), field trips, and more. These activities not only provide a refreshing break from academics but also contribute to the overall development of our students, honing their talents and fostering a sense of camaraderie.

Lastly, I would like to extend my heartfelt gratitude to all parents for their unwavering support and cooperation. Your involvement in your child's education is invaluable, and we are immensely grateful for your trust and partnership in shaping the future of our students.

As we continue our journey towards academic excellence and holistic development, let us remember that it is through collaboration and dedication that we can provide the best possible education for our students. Thank you for being an integral part of our school community.

Warm Regards
G C Tripathi

Battle of Logic and Rhetoric (CC)

CIDER International School's Debating Triumph

In a battle of wits and eloquence, a fierce competition of words and arguments was organized by CIDER International School. On 14 September 2023, ten schools from across the city gathered at the multi-Purpose Hall for a day of spirited debates and intellectual exchange. Hosted by Mr. Moitreyra Barua and Mr. Debashish Baul, the young debaters showcased exceptional skills, presenting persuasive arguments.

Motion:

“Artificial Intelligence will eliminate creative and imaginative endeavour of the human race.”

The participating schools included:

- CIDER International School (CC)
- CIDER International School (NC)
- Chittagong Grammar School (CC)
- Chittagong Grammar School (NC)
- College of Science, Business and Humanities (CSBH)
- International Hope School Bangladesh
- Cantonment English School and College
- Bangladesh Mahila Samiti Girls' High School and College
- Al-Hidaayah International School
- Ispahani Public School and College

The panel of judges, consisting of Engineer Pradip Kumar Dutta, Ms. Duhita Chowdhury, and Mr. Alam Khorshed, brought their expertise to bear in evaluating the performances. Their discerning judgments ensured a fair and rigorous competition. Adding a touch of grandeur to the event was Chief Guest Mr. AR Ashik Imran, the Honorary Consul General of The Russian Federation in Chittagong. His presence underscored the importance of fostering debating skills among the youth. The programme was also graced by the notable presence of Ms. Neeti Tripathi, Vice Principal of Junior School.

Among the formidable competitors, CIDER International School's CC section stood out as a shining example of debating prowess. The team's eloquence and compelling arguments secured them The Champion title.

Sharman Sharar of CIDER CC clinched the first prize in 'FOR the motion' category, while Anagh Tripathi from the same team secured the top spot in 'AGAINST the motion' category. These victories were a testament to the rigorous training and unwavering dedication of the CIDER CC team.

CIDER International School's success at the competition is a reflection of the institution's commitment to holistic development. Under the guidance of Principal Mr. G.C. Tripathi, the school has created an environment that nurtures not only academic excellence but also critical thinking and effective communication.

The event commenced with a warm welcome speech from Mr. G.C. Tripathi, setting the tone for a day of spirited competition. The session concluded with a gracious vote of thanks from Mr. Pranesh Ranjan Das, Section Head, Cambridge Curriculum, expressing gratitude to all participants, judges, guests, and organizers for making the event a roaring success.

CIDER International School Hosts Science and IT Fest 2023-24 (CC)

The much-anticipated Science and IT Fest 2023-24, organized by CIDER International School, unfolded from September 24th to 27th, captivating participants and spectators alike. The event served as a platform for young minds to showcase their prowess in the fields of science and information technology.

The fest commenced with a spirited Programming Contest on September 24th, where students from grades 6 to 12 participated, showcasing their coding proficiency and problem-solving skills. The contest provided a platform for learning experience.

On September 25th, the Inter House Science Quiz Competition ignited the competitive spirit among students. Participants from four houses - UNICORN, DRAGON, PHOENIX, and GRIFFIN - displayed their depth of knowledge across various scientific domains.

The fest culminated on September 27th with an inaugural speech from the Principal, Mr. G.C. Tripathi. Then the students witnessed two captivating events: the RUBIK's Cube Competition and the Science Fair. The Cube Competition witnessed dexterous fingers maneuvering the iconic puzzle, displaying remarkable skills and determination. Simultaneously, the Science Fair featured an impressive display of 54 projects, exemplifying the students' creativity, research acumen, and commitment to scientific inquiry.

The culmination day was graced by the esteemed presence of Dr. Mohammed Nasim Hasan, the eminent Dean of the Faculty of Science and esteemed Professor in the Department of Physics at the University of Chittagong. His presence was an air of inspiration, motivating students to strive for academic excellence and innovation.

The fest was privileged to have a distinguished panel of judges, whose expertise and discernment contributed immensely to the evaluation process. The esteemed judges included: Dr. Shahida Akhter, Professor, Department of Physics, University of Chittagong, Dr. Mohammad Razuanul Hoque, Professor, Department of Biochemistry and Molecular Biology, University of Chittagong and Mr. Tapas Kanti Dey, Assistant Professor, Department of Chemistry, Government City College.

Among the notable presence were Dr. Robiul Husain, the esteemed Founder Chairman of the Board of Management at CIDER, and the respected Vice Principal of Junior School, Ms. Neeti Tripathi.

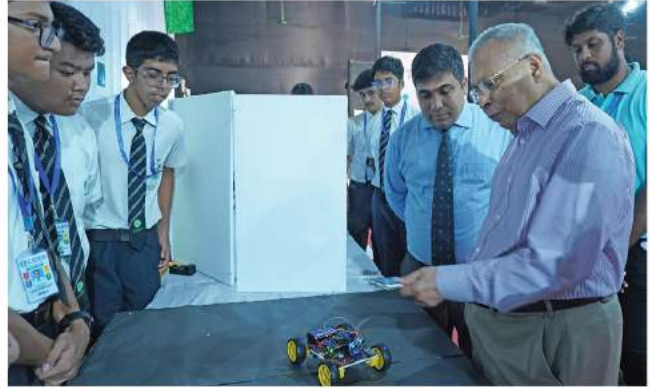

To commend the exceptional achievements of the participants, awards and certificates were conferred upon winners of various competitions, as well as for the best projects from each class. This recognition not only celebrates their accomplishments but also encourages them to continue their pursuit of excellence in the field of science and IT.

The session concluded with a gracious vote of thanks from Mr. Pranesh Ranjan Das, Section Head, Cambridge Curriculum Senior Section, expressing gratitude to all participants, judges, guests, and organizers for making the event a resounding success.

Inter School Futsal Football Tournament-2023 (NC)

We are very happy to say that CIDER International School NCS organized two days long Inter School Futsal Football Tournament on Saturday and Sunday, September 9th and 10th, 2023. It was held in our school field. It was inaugurated by our Principal Sir Mr. Gyanash Chandra Tripathi. This year 8 school took part in this tournament. The teams are CIDER NC Red, CIDER NC Blue, CIDER CC, European Grammar School, Leader's School and College, CGS NC, CGS CC and International Hope School. The final match was held between CIDER NC Red vs, CIDER CC. In final match CIDER CC defeated CIDER NC by 2-1 goals in penalty shootout. Before the final match started, honourable Principal Mr. G.C Tripathi welcomed the Chief Guests. The guests were Mr. Harun Ur Rashid, Sports Officer, Chittagong district and Mr. Arshaful Kabir, CMD (Cluster Market Director) of Robi Axiata Ltd.

Later, honourable Principal Sir, honourable Vice Principal Ma'am, the chief guest and the guest of honor distributed prizes to the Champion team and to the the runners-up. Section Coordinator Ms. Mukti Chowdhury, Asst. Section Coordinator, Grade Level Coordinators, Activity Coordinators, and all the respective teachers graced the ceremony. Whole program was conducted by Mr. Shimul Barua and Mr. Sayeed. This amazing tournament was sponsored by Robi Axiata, the Fastest Telecommunication Operator in Bangladesh.

Tournament Details:

- **Champion** : CIDER CC
- **Runner up** : CIDER NC
- **Fair Play** : European Grammar School
- **Golden Gloves** : Nibras Nuran, CIDER CC
- **Golden Boot** : Zawad Abrar Kabir, CIDER NC
- **Player of the Tournament** : Farhan Abdullah, CIDER NC

বাংলা বিতর্ক প্রতিযোগিতা-২০২৩

১৭ সেপ্টেম্বর ২০২৩ তারিখে সাইডার ইন্টারন্যাশনাল স্কুলের জাতীয় শিক্ষাক্রম সিনিয়র শাখা কর্তৃক 'বাংলা বিতর্ক প্রতিযোগিতা-২০২৩' আয়োজন করা হয়। সাইডার ইন্টারন্যাশনাল স্কুলের অধ্যক্ষ জ্ঞানেশ চন্দ্র ত্রিপাঠী মহোদয়ের অনুপ্রেরণামূলক বক্তব্যের মাধ্যমে অনুষ্ঠানটি শুরু হয়। তিনি শিক্ষার্থীদের অন্য যে কোনো ভাষা শেখার আগে বাংলা ভাষায় পারদর্শী হওয়ার আহ্বান জানান। পুরো অনুষ্ঠানটি প্রাণবন্তভাবে সম্বালনা করেন জনাব সত্যঞ্জয় বণিক। বিতর্কেও সময় মডারেটরের দায়িত্ব পালন করেন নবম শ্রেণির ছাত্র মুক্তাদির মোমিন আশফি। বিতর্ক প্রতিযোগিতাটির বিষয় ছিল 'নিরাপদ জীবনের অনিশ্চয়তায় নতুন প্রজন্মকে বিদেশমুখী করছে।'

সাকওয়ানা সামরিন সেহের, নানজিবা তাহিয়াত ও তাদের দলনেতা তায়েব মোহাম্মদ শাহজাহান চৌধুরী পক্ষে বক্তব্য রাখেন। অপরদিকে হাফসা বিনতে জসীম, আফিয়া জাহিন ও তাদের দলনেতা ফাইরুজ ওয়াহেদ চৌধুরী বিষয় এর বিপক্ষে বক্তব্য রাখেন। বিতর্কিকদের যুক্তি তর্কেও মাধ্যমে পুরো অনুষ্ঠান প্রাণবন্ত হয়ে ওঠে। বিতর্কিকদের চমৎকার যুক্তিগুলি উপস্থাপনকালে দর্শকরা করতালির মাধ্যমে তাদেরকে উৎসাহিত করেন। প্রতিযোগিতার বিচারক ছিলেন মিস ইশরাত দীনা, শিক্ষক, সিসি জুনিয়র এবং মিস কামরুননাহার ফেরদৌসী, শিক্ষক, এনসি জুনিয়র। বিচারকরা তাদের বিচারে বিপক্ষ দলকে জয়ী ঘোষণা করেন। এই প্রতিযোগিতায় শ্রেষ্ঠবক্তা হয়েছেন নবম শ্রেণির শিক্ষার্থী আফিয়া জাহিন। ফলাফলের পর আমাদের মাননীয় অধ্যক্ষ বিজয়ী ও রানারআপ দলকে মেডেল ও ট্রফি বিতরণ করেন। তারপর বাংলা বিভাগের প্রধান মিস পাপড়ী নন্দী একটি হৃদয়গ্রাহী বক্তব্য রাখেন। সবশেষে সমাপনী বক্তব্য প্রদান করেন সাইডার ইন্টারন্যাশনাল স্কুলের জাতীয়শিক্ষাক্রম সিনিয়র শাখার সেকশন কোর্ডিনেটর মিস মুক্তি চৌধুরী। তিনি তাঁর বক্তব্যে গুরুত্বপূর্ণভাবে বাংলাভাষা চর্চার উপর গুরুত্ব আরোপ করেন।

প্রতিযোগিতার ফলাফল:

বিজয়ী: বিপক্ষ দল পক্ষ দলের সদস্যবৃন্দ:

- ১) সাকওয়ানা সামরিন সেহের
- ২) নানজিবা তাহিয়াত
- ৩) তায়েব মোহাম্মদ শাহজাহান চৌধুরী (দলনেতা)

বিপক্ষ দলের সদস্যবৃন্দ:

- ১) হাফসা বিনতে জসীম
- ২) আফিয়া জাহিন
- ৩) ফাইরুজ ওয়াহেদ চৌধুরী (দলনেতা)

PTM of Assessment for Learning-2 for Grades (VI-VII) and Unit Test-2 for Grades (VIII & IX) in National Curriculum (Senior Section) (NC)

National Curriculum (Senior Section) organized PTM for the Assessment for Learning -2 (VI & VII) and Unit test-2 (VIII & IX) on 13th of September, 2023 in their respective classrooms. It was a three ways conference (Teachers-Parents-Students) to identify individual student's area of strength and area of improvement. More than 70% parents attended the PTM. The PTM effective and informative because students' area of improvement was clarified to the parents so that they could work on those areas. Students of grades VI & VII have received a bunch of evaluation supplementary sheets where their performance level indicated with subject-wise details description and individual student's status is set with three symbols named square (for beginners), circle (for mediocre) and triangle (for expert). A target was also set for the student's further improvement and to rectify their mistakes/errors.

These VIII-IX grades students' evaluation is done in existing procedure. Beside these, answer scripts have been shown and Progress Report Cards have been distributed to the parents. It's a beneficial and praiseworthy effort initiated by NC to make the parents concerned and co-operative regarding their ward's studies. Beyond these, students' regular attendance to school was also highlighted in the PTM.

Through this meeting students are receiving a constructive criticism from the teacher. Moreover, they are getting an opportunity to fulfill their targets. So, it's really a wonderful and successful meeting among teachers, students and parents.

Mukti Chowdhury, Section-Coordinator (NCS)

Science Carnival - 2023 (NC)

“Science is the art of unraveling the mysteries of the universe and the joy of discovery is its greatest reward.”

Carnival means festival. Throughout the last couple of weeks, we, all the students of NCS prepared different projects, explored and gained knowledge in various areas of Science.

Science Carnival of the academic year 2023 organized by Science Department of NC Senior School took place on the 24th of September in the well-known LMR hall of CIDER International School.

Through this carnival, we got the opportunity to unleash our creativity and immaculately demonstrate our projects. The event started off with a wonderful drama presented by the students. After the felicitation of the Chief Guest and the speech of our honorable Principal Sir, the Carnival began with numerous praiseworthy projects which were presented by the students. Some mentionable projects among them are, Liter of Light, Anti Sleep Alarm, Soil Moisture and water level indicator for smart cultivation, Smart Shopping Cart and Billing System, Automatic Trash Collecting Boat, Sonar, Data Transfer Through Light, Gas Production from Water and Octane, Marine Oil Absorption, Dengue and its Affects, Biogas Plant, Smart house, Soil test, Newtons Cradle, Earthquake Alarm, Hydraulic Lift, Rain Water Detector, and Line Following Robot.

Right before the announcement of the results, some of our talented performers showcased a spectacular rap song performance. Our Hounorable Chief Guest for Science Carnival was Dr. Saiful Islam Sir, Principal Scientific Officer, Bangladesh Council of Scientific and Industrial Research (BCSIR). Furthermore, our esteemed judges for the Carnival were Ms. Sangita, Sarbabidya, Physics Teacher, Cambridge Curriculum, Senior Section, CIDER International School and Mr. MithunShome, Head of the Department of Chemistry, Cambridge Curriculum, Senior Section, CIDER International School.

Indeed, there was a lot to learn through this event. We can't thank the Science Department of our school enough for making this event an amazing one.

Umaiza Mehveen, Student of Class 8 (NCS)

Trip to Well Agro (NC)

Every year there is an arrangement of food festival from the Home Science Department. But this year the subject teachers came up with a very thoughtful trip to Well Agro and Dairy Farm on 16th September. It is a sprawling agricultural establishment located at Mohora, Chandgaon.

There were two teachers along with us. We took a school bus and reached our destination after almost 30 minutes. Then we explored the place as our teachers explained us about the varieties of trees, animals and all other things around us. This was a great place to witness the beauty of nature from the close. Gradually we explored more of it and came to know more about tress like:- Sapodilla, Dragon, Guava, Strawberry, Litchi, Lemon, Cinnamon, Mandarin Orange, etc.

We saw animals like rabbits, cows, pigeons, etc. What a fantastic starting that was! To make the starting more delightful we were served with welcome drinks. It was a very beautiful place. We wanted to capture the scenic beauty in our memories and devices. So, we went off to explore the place by our own. We were all mesmerized and were having fun roaming around the place. Suddenly, we came across a playground that had a lot of games and activities. Then, we noticed a blackboard, where we had our names written along with our school's. We even played games planned by ourselves. After the playtime, we were hungry and went towards the lunch area.

For lunch we chose our desired food with a coupon from the buffet corner. The food turned out to be delicious. Then, we took a break and rested for a while. After that there came the exciting activities that were kept for the last. We did fishing in the lake nearby. All of us were sitting there with fishing tackles with great eagerness to catch a fish. We got more enthusiastic by seeing one of the teachers catching up a fish. Besides, we also saw a place filled with many handicrafts and board games. We did boat riding as the last activity of the day. And it was my favourite part of the trip. We ended the day by having some evening snacks. It was an insightful and practical experience of modern agricultural practices and dairy farming. The farm's commitment to sustainability and animal welfare left a lasting impression on all of us. Overall, the educational trip to Well Agro and Dairy Farm was a resounding success.

The Journey to Success

Joy Barua, Grade 10

I was almost at the end of school. This was my senior year at Milwaukee High School. I dedicate myself to studying day and night, hoping to be accepted by a good college and to make my parents very proud. Before the first nerve-wracking exam, I was anxious because it was the peak of my studies. Failing now would not only be a letdown for myself, but also for my family and my future career.

One month went by, five out of the six subjects were over, leaving only English. My parents migrated here for a better lifestyle and education, and I would forever be thankful to them. The hard work I put into getting good grades had paid off. The August 10th was my chance to show my parents that their sacrifices were not in vain. The tension among the students was palpable. I managed to calm myself down. Two hours later, all of my exams were over, and everyone went out with a sigh of relief and with smiles on their faces.

A day or two after the exams, everyone was in holiday mode, including me. As the class captain, I decided that a proper way to bid farewell to the year was to organize a party. It would be a gathering where everyone from the teachers to the students and staff could come together. This party had become a tradition, marking the end of a successful school year. It was a day filled with emotions, laughter, and memories. However, we never reached to a final decision about holding the party after the results were published, as it would likely intensify the emotions among the students.

On the day of the party the results arrived, but most of us pretty much forgot about the latter. We entered the party, stepping into a fantasy world that was very much real. Principal Min Harmon ensured it was the best it could have looked. Once everyone arrived, the room, which looked up to the stage, filled with eager anticipation. Miss Harmon delivered a short speech, and then for a few minutes, tears flowed as each of us reminisced about the memories. Miss Harmon also presented a compilation of all the records our class had broken, showcasing our collective success. It was a proud moment, a testament to our unity as classmates. At the end, a surprise appearance from Miss Harmon reminded us of the impending result day. She announced, "Today is the day of the results," with great anticipation. She commended us for being the second school to break this record, achieving an average of 1500 out of 1600, a feat that deserved celebration.

It was the perfect way to end the day, as it encapsulated all the emotions we had experienced. I applied to Oxford University, and within a week, I received an invitation to join the varsity team for winter. This was the pinnacle of success, a moment that made my parents incredibly proud. It was the best outcome for both me and

A Night of Unexpected Joy

Youhanna Afnain, Grade 10

The bustling asphalt pathway of 'Fortune Road' is more than just a street; it's a lifeline for street vendors and everyday folks looking to make it through another day. But to most, it's simply known as "K-Block".

Bright lights from the large advertisements on either side of the street illuminate the night, providing just enough light to guide the wandering crowd. These screens are affixed to the tall buildings, adorned with numerous lights that twinkle like stars in the night sky. The skyscrapers stand tall, shielding the people below from the flying aero-motors above.

Despite the constant hum of motors, most passersby continue on their way, hardly pausing to take in the bustling scene set against the backdrop of moving flying motors above.

In the midst of it all, a few drops manage to fall from the sky above. In the blink of an eye, 'K-Block' is showered by droplets of water, descending from dark clouds in the night sky. The rain guides the crowd to the sides of the road. There are shouts of joy from those who embrace the rain, spreading their arms to feel the moment of pure bliss.

As worried faces turn toward their homes, children and women, often confined to their apartments above, rush down to the wet road. People who cross paths every day now pause to embrace one another, sharing a sense of unity. The sounds of joy and laughter echo through the streets, witnessed by every pair of eyes that recognize how, even in abundance, the world can sometimes feel astonishingly still in its emptiness.

The Princeton Dream

Mubarrat Zahin, Grade 10

It was a blazing afternoon of summer in the month of April. I was relaxing on the front porch with my cat when I heard the mailman shout, "Posts are here!" I felt lazy to get up and collect it, but I had to. My college application might be there, results might be there. I walked to the mailbox with shaky feet, hands trembling. I opened the mailbox. Nothing. I felt disappointed, but a part of me was relieved.

My parents returned from work, and I heard my father coming towards me. "Did you get the posts? Anything for you?" he asked curiously, partly excited. I gave him a slow answer, "Nothing yet." He smiled at me and patted me on the back, reassuring me they would be here. As we all sat down to have dinner, we heard a knock on the front door. A few seconds later, my mother and I heard my father thanking the mailman and coming in to join us. "What was the mailman doing here at this hour of the night?" my mother asked. Father gave me an envelope, as my cat jumped on the dinner table to sniff it. I curiously opened it as there was nothing written on the envelope but, "for Mr. Smith." And there it was! My college application from Princeton! A few minutes later, all I knew was that I had been a crying mess, as well as my parents. Princeton was my childhood dream university. "Well, crying about it will not get us to Princeton, eh?" my father joked as we joined in for dinner. All we could talk about at dinner was arranging my documents, packing, and visiting my parents once a month. The next day would be the day we go to the embassy for my visa processing.

As the sunshine hit my sleepy eyes, I heard my father rummaging through my documents to find the necessary ones. About an hour later, the two of us set out for the embassy. On our way, we received a phone call. "Is this Mr. Smith? We are sorry to inform you that today was the last day for your document submission and you are late. We would suggest you apply to other universities. Thank you." I could not process what I had just heard. Father still drove us to the embassy, hoping by any chance we would find help there.

As we walked to the director's office, we saw a man asking around for a phone to call his wife for an emergency. No one was willing to help him. I handed him my phone, and I could not believe who I was seeing. It was the Vice-Chancellor of Princeton himself.

After finishing his call, I told him who I was and about my situation. He apologized, saying it was his fault that my mail arrived late. He proceeded with us to the director's office and helped me get into the applications.

সবুজ পাতার কথা

আত্ম আবিষ্কার

মানাল নাওয়ার, অষ্টম শ্রেণি

টলস্টয় বলেছেন, *Everyone thinks of changing the world, but no one thinks of changing himself.* অর্থাৎ, দুনিয়াকে সবাই বদলে দেওয়ার চিন্তা করে, কিন্তু নিজেকে বদলানোর চিন্তা কেউ করে না।

টলস্টয় সত্য বলেছেন। সবাই অন্যের সামান্য দোষ, দুর্বলতা নিয়ে সোচ্চার কিন্তু নিজের বড় বড় দোষ ও দুর্বলতা নিয়ে মোটেই ভাবিত নয়। এভাবে তো দুনিয়া বদলানো যাবে না। তুমি তোমার অন্তরের গভীরে গিয়ে বিষয়টি নিয়ে চিন্তা করো।

পৃথিবীকে বদলাতে হলে প্রথমে নিজেকেই বদলাতে হবে। আমি যদি বিশ্বকে পরিবর্তন করতে চাই, তবে পরিবর্তন আসতে নিজের কাছ থেকে। পৃথিবীর সর্বপ্রথম পরিবর্তন আমার নিজেকেই করতে হবে। তারপর আমি অন্য কিছু পরিবর্তন করতে চাইতে পারি। পৃথিবী পরিবর্তন করে নিজেকে পরিবর্তন না করলে আমি কখনোই কাক্ষিত পরিবর্তন খুঁজে পাবনা। আমার নিজের ভেতরেই হয়তো যাবতীয় নেতিবাচক ব্যাপারগুলো থেকে যাবে।

নিজের নিয়ন্ত্রন নিজের কাছে থাকতে হবে। আমি নিজে কী মনে করি এবং কী করতে চাই তা সম্পূর্ণ আমার ব্যাপার। অন্যদের দেখে নেতিবাচকভাবে প্রভাবিত হওয়ার কিছু নেই।

ক্ষমা করতে শিখতে হবে। খারাপ কাজের মোকাবেলা অসৎ উপায়ে করলে কোন লাভ হবে না বরং অপরাধীর অপরাধ ক্ষমা করতে শিখুন। এটিই সবাইকে অপরাধের বিরুদ্ধে আরো শক্তিশালী করে তুলবে।

কাজের মাধ্যমেই নিজেকে মূল্যায়ন করা শিখতে হবে। কাজ না করে আসলে কোন কিছু সমাধান করা যায় না। ঘরে বসে পরিকল্পনা করলে খুব একটা লাভ হবে না, যতক্ষণ পর্যন্ত না মাঠে পরিকল্পনা বাস্তবায়ন করা যাচ্ছে।

আমি নিজেকে আর ১০টা মানুষের মতই মনে করি, যারা সব সময় ভুল করে। তবে আমার মাঝে ভুল স্বীকার করার সং সাহস রয়েছে। ভুলকে শুধরে নিয়ে সামনে এগিয়ে যেতে হবে। নিজেকে নিয়ে নেতিবাচক ভাবনা এবং হতাশা দূর করতে হবে। জীবনে চলার পথে ধৈর্য ধারণ করতে হবে। এটি গন্তব্যস্থলে নিয়ে যাওয়ার পথে সহায়ক হবে।

চিন্তা এবং কাজের সমন্বয় খুবই গুরুত্বপূর্ণ। কারণ অনেক মানুষই কাজ ও কথার সামঞ্জস্য রাখতে পারে না। নিজের কাছে সং থাকলে এবং সং কাজ করলে, পৃথিবী বদলে যাবে।

ঠেলার নাম বাবাজি

মুবাররাত জাহিন, দশম শ্রেণি

সাগর প্রতি বছর কোনো রকম পাশ করে নতুন শ্রেণিতে ওঠে। এবার কয়েকটি বিষয়ে ফেল করার পর স্কুল তাকে বের করে দেয়। ঘরে, বাইরে সবাই তাকে নিয়ে হাসি ঠাট্টা করে।

কিন্তু তার মধ্যে এবার একটা জেদ চেপেছে! সাগর পড়ালেখা না করলেও খুবই বদমেজাজি ও দুষ্টি। এতদিন ঠাট্টাগুলো তার গায়ে লাগতো না। কিন্তু এবার তার আত্মসম্মানে আঘাত লাগতে তার জেদ হলো বাসায় সে প্রাইভেট পড়ে বা টিচারের বাসায় ঘুরে পড়ালেখা করবে। ঠেলার নাম বাবাজি আর কাকেই বা বলে!

পরদিন পাঁচ সাবজেক্টের কোচিং সেন্টারে ভর্তি হলো। বাকি চার সাবজেক্টের জন্য গৃহশিক্ষক রাখলো। বাবা কপালে হাত দিয়ে বললেন, "একমাত্র ছেলে আমার। ভেবেছিলাম বুড়ো বয়সে আমার অঙ্কের যষ্টি হবে। এতো দেখি আমার টাকা সব জলে ঢালছে! সাগর বলল, "আরে বাবা, আমাকে কিছু মাস দাও, আমি তোমার আঁধারে আলো হবো।

যখন সে পড়ালেখায় ভালো করা শুরু করল, তার বাবা চিটাগং-এর নম্বর ওয়ান স্কুলে তাকে ভর্তি করালো। শুরু হলো সাগরের নতুন জীবন।
