Executive Director's Message

Dear CIDER Community,

As we approach the end of another fruitful academic year, I am delighted to extend my heartfelt appreciation to our dedicated National Curriculum Team for their hard work and commitment. Together, we have successfully navigated the challenges of the past year, and their efforts have undoubtedly contributed to the overall success of our students.

Additionally, I would like to congratulate the Cambridge Curriculum Team for a triumphant completion of the first academic term. Your dedication to excellence has set a strong foundation for the remainder of the school year.

Moving on to the achievements of our various departments, I am thrilled to acknowledge the outstanding efforts of the Bangla department in the organization of the Inter School Bangla Debate competition – 2023. It is heartening to witness our students engaging in intellectual discourse and showcasing their linguistic skills on a broader platform.

A special commendation goes out to the Mathematics Department of the Cambridge Senior section for orchestrating a successful Intra School Mathematics Olympiad. My sincere congratulations to all the winners; your passion for mathematics is truly commendable, and I encourage you to continue pursuing academic excellence.

Celebrating academic achievements, I am pleased to announce and congratulate the toppers of Unit Assessment 1 in the Cambridge Senior Section. Your dedication to your studies is commendable, and I encourage all students to continue their hard work and commitment throughout the academic year.

Shifting focus to our National Curriculum Senior section, a big round of applause for the successful organization of the Inter House Table Tennis Tournament - 2023. Congratulations to all the winners; your sportsmanship and teamwork have set a positive example for the entire school community.

As we wrap up the year, I would like to express my gratitude to everyone who has contributed to the success and well-being of our school. I extend my best wishes to all students, parents, and staff as we welcome the upcoming year 2024. May it bring new opportunities, achievements, and joy to each and every one of you.

Wishing you all a joyful holiday season and looking forward to another year of academic excellence and personal growth.

G C Tripathi

Intra School Table Tennis Tournament-2023 (NCS)

We are very happy to say that CIDER International School NCS organized Intra School Table Tennis Tournament on Saturday, November 4, 2023. It was held in our school Multipurpose Hall Room. It was inaugurated by our honourable principal sir Mr. Gyanash Chandra Tripathi. Two categories were there in this tournament. From boys' side there were 16 participants and from girls' side there were 16 participants. The final match was held between Sreyasini Das vs Nusrat Anisa Nowrin and Wassam Kamal Rahil vs Zawad Abrar Kabir. In final match Sreyasini defeated Nusrat by 2-0 sets and Rahil defeated Zawad by 2-0 sets. Sameen and Rahil were the best players of the tournament. Later, our Principal Sir distributed prizes medals and trophy among

the champions and runners-up. Respected Section Coordinator, Ms. Mulki Chowdhury, Grade Level Coordinators, Ms. Papri Nandi and Mr. Rezaul, Activity Coordinator, Mr. Sattanjoy and all the respective teachers were present there. The entire program was conducted by Mr. Shimul and Mr. Sayeed.

4	Further Mathematics	100	Muhammad Nusayr Bin Rahman
5	Mathematics	99	Muhammad Nusayr Bin Rahman
6	Physics	94	Muhammad Nusayr Bin Rahman

PTM with the Parents of Grade V NC regarding New Curriculum (NCS)

As per the demand of Grade V parents, National Curriculum, Senior Section organized a PTM to clarify the teaching-learning methodology, evaluation procedure according to the requirement of new curriculum implemented from the year 2023. With the vision of producing a global citizen with patriotic zeal, productivity, capability of adaptation in any situation, Bangladesh Govt. executed the new curriculum for grades VI & VII in this existing year and consequently will be applied in the upper classes from the next year.

New curriculum is designed with a range of missions where learning methodology requires more practical knowledge prioritizing hands on learning over rote memorization. It emphasizes on cultivating a student-centric classroom environment brimming with engaging activities. Our honorable Principal Sir inaugurated the program with his welcome speech focusing on the criteria of new curriculum. He explained the assessment procedure as well and stated clearly that CIDER International school prioritizes the showcasing of the unique talents of our students in their daily pursuits. Assessments are also aligned with their individual skills and abilities which are indicated as per their performance level.

At the last stage, there was a question answer segment and the parents were very curious to know about teaching methodology and evaluation procedure required for new curriculum. Being the section head, I have clarified all of their queries. It was a very successful PTM with more than 90% attendance of the parents.

CIDER Inter-School Bengali Debate Competition 2023

The recently concluded CIDER Inter-School Bengali Debate Competition unfolded with enthusiasm in the school auditorium. Seven esteemed institutions, spanning Bengali and English mediums, ardently participated in this intellectually charged event. The lineup included Cantonment Public School and College, Ispahani School and College, Chittagong Grammar School (Cambridge), CIDER International School (NC), Bangladesh Mahila Samiti Girls High School and College, Chittagong Grammar School (NC), and our gracious host, CIDER International School (Cambridge).

The focal point of the debate revolved around the theme, 'নীতিবোধ সম্পন্ন দেশপ্রেমিক নাগরিক গড়ে তুলতে না পারার দায় মূলত শিক্ষাব্যবস্থার' (The education system is largely responsible for not being able to produce ethical and patriotic citizens.) The inauguration was graced by the school principal, G.C. Tripathi, setting the stage for a compelling exchange of ideas.

Representatives from each participating school engaged in the competition, and after a riveting display of rhetorical prowess, Bangladesh Mahila Samiti Girls School and College emerged as the champions, with Ispahani Public School and College securing the runner-up position.

Afia Tasnim from Bangladesh Mahila Samiti Girls School and College earned the coveted title of Best Debater. For the motion, Afia Jahin of CIDER International School claimed the first position, followed by Samiha Mahadia Raida of Ispahani School and College in the second place, and Fahami Ibn Waheed of CIDER International School (Cambridge) in the third.

Against the motion, Afia Tasneem of Mahila Samiti School and College secured the first position, with Aziza Siddika Soha of Ispahani School and College earning the second position.

The distinguished panel of judges, consisting of Steve Oscar Rosario, Mohammad Saifuddin Munna, and Dr. Tanzin Sharmin, played a crucial role in evaluating the participants. Engineer Pradeep Kumar Dutta graced the occasion as the special guest, while journalist Kalim Sarwar held the position of chief guest. Abdul Aziz, Syed Ahmed Shamim, and Biplab Mallick were instrumental in the presentation.

To conclude the event, Senior School Section Coordinator Pranesh Ranjan Das extended a warm vote of thanks, underscoring the collective efforts of all participants that made the CIDER Inter-School Bengali Debate Competition a resounding success.

Summative Assessment of Grades VI-IX NC-2023 (NCS)

From 15th November, 2023 onwards, Summative Assessment of grades VI-IX was commenced with full of enthusiasm in NC Senior Section, CIDER International School. Students are very keen to appear at the written examination and all of them were very much on time during examination days. Examinees were seen to be very curious to produce their answers with utmost creativity. Question paper is set in two categories; students of Grades VI & VII are following the new curriculum and Grades VIII & IX are following the existing curriculum. The purpose of Summative Assessment is to gauge the students' ability of using the discussed materials at the end of a particular unit. Again students' ability is often measured with a grade or percentage depending on the subjects.

In contrast to the informal nature of Formative Assessments, Summative Assessments requires clear expectation timeline to be set to provide the students the best opportunity to succeed. As per the criteria of Summative Assessment, our team of teachers are well prepared with all rubrics & benchmark to assess students' proficiency, knowledge as well as skills. Equally our learners are accepting the challenge to face all evaluation tools to produce better results and make better strategic learning decisions.

PTM of Test Examination in National Curriculum Senior Section, 2023 (NCS)

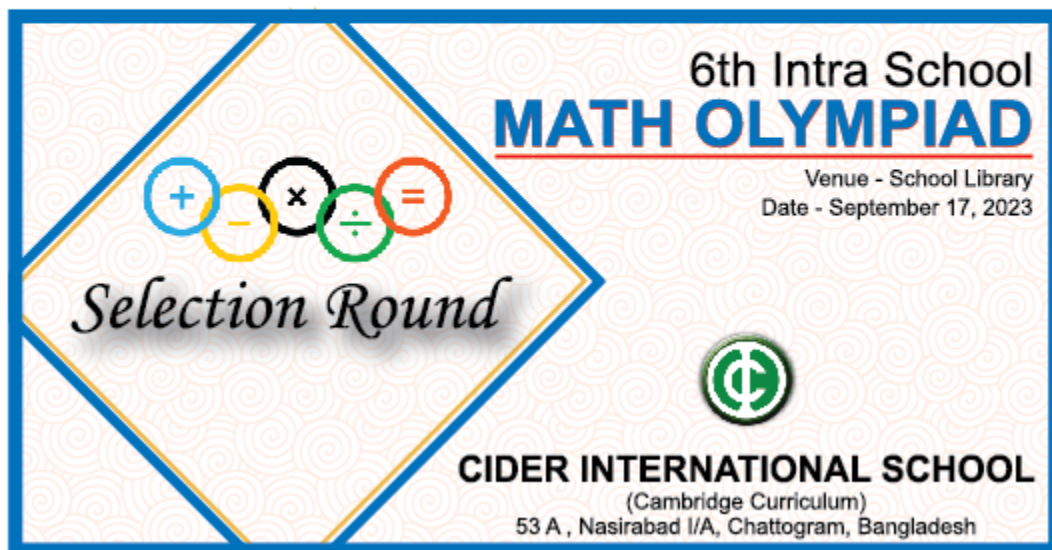

National Curriculum, Senior Section, organized PTM of Test Examination on 1st of November, 2023. It was held on Wednesday in school L.M.R. Hall. It was a three ways conference, Teacher-Parents-Student, to identify individual student's area of strength and area of improvement. More than 70% parents attended the PTM. The PTM was more effective and informative because students' areas of improvement were clarified to the parents so that they can work out on this. A target was also set for the students' further improvement and to rectify their mistakes/errors. Besides, answer scripts have been shown and Progress Report Cards have been distributed to the parents. It's a beneficial and praiseworthy efforts initiated by NC to make the parents concerned and co-operative regarding their wards' studies. Beyond these, students' regular attendance to school is highlighted in the PTM.

Through this meeting students are having a constructive criticism from the teacher. Moreover, they are getting an opportunity to fulfill their target. So, it's really a wonderful and successful meeting among teacher, student and parents.

6th Intra-School Math Olympiad Unleashes Mathematical Brilliance (CC)

The poster features a blue border and a background of light blue swirls. On the left, a diamond shape contains five mathematical symbols: a blue plus sign, a yellow minus sign, a black multiplication sign, a green division sign, and a red equals sign. The text '6th Intra School MATH OLYMPIAD' is in blue and black, with 'MATH OLYMPIAD' in a larger, bold font. Below it, the venue and date are listed. The school's logo, a green circle with a white 'C' and 'I', is positioned above the school's name, 'CIDER INTERNATIONAL SCHOOL (Cambridge Curriculum)', and its address.

MATH OLYMPIAD
Venue - School Library
Date - September 17, 2023

Selection Round

CIDER INTERNATIONAL SCHOOL
(Cambridge Curriculum)
53 A , Nasirabad I/A, Chattogram, Bangladesh

The specter of mathematical anxiety that often plagues students in their academic journey finds its antidote in Math Olympiad. In a concerted effort to dispel the looming fear of mathematics, the department of Mathematics organized the 6th Intra-School Math Olympiad at the CIDER campus.

This exhilarating competition saw students from classes VI to XII engage in the rigorous Selection Round, where their mathematical prowess was put to the test. The selected participants subsequently confronted in a challenging final round, showcasing a battle of intellect among the emerging mathematicians of tomorrow.

Out of a vast pool of participants, an impressive total of 21 students emerged as victorious, representing seven different classes. This achievement stands as a testament to the exceptional mathematical acumen exhibited by the winners. Leading this intellectual pursuit was Md. Sharif Hossain, the Head of the Department of Mathematics, who served as the convener of this remarkable program.

The 6th Intra-School Math Olympiad not only celebrated the triumph of these budding mathematicians but also served as a beacon of inspiration, encouraging a renewed appreciation for the beauty and complexity of mathematics among the student body.

Final Result of 6th Intra School Math Olympiad 2023-2024

Grade- VI

Position	Names of Awardees
1st	Prithviraz Banik
2nd	Daniel Yousuf
